

STEP 1:

Upload the assignment on github

The screenshot shows a GitHub repository page for 'hussainghazali / Web-Programming-Assignment-02'. The repository has 1 branch (main) and 0 tags. The file list includes: AboutMe.html, Q2.jpg, Q2.png, README.md, RESUME.html, StubCode.html, Style.css, Untitled.jpg, cloud.png, favicon.ico, index.html, and mountain.png. The 'index.html' file is highlighted, showing it was updated 5 hours ago. The right sidebar contains sections for 'About' (no description), 'Releases' (no releases published), 'Packages' (no packages published), and 'Languages' (HTML 68.2%, CSS 31.8%).

STEP 2:

Hosting the Assignment on Netlify

The screenshot shows the Netlify dashboard for the site 'muneeb-k173717'. The dashboard includes a navigation bar with links to Site overview, Deploys, Plugins, Functions, Identity, Forms, Large Media, Split Testing, Analytics, and Site settings. The main content area displays the 'Settings for muneeb-k173717' card, which shows the site's URL (muneeb-k173717.netlify.app), deployment source (GitHub), and ownership (Hussain Ghazali's team). Below this, the 'Site details' section provides general information about the site, including the site name, owner, API ID, and creation date.

Site information	
Site name:	muneeb-k173717
Owner:	Hussain Ghazali's team
API ID:	756a8351-b855-4b39-8f5b-793925a3bef4
Created:	Today at 11:54 PM

STEP 3:

Here it is
